12	**B. Read the following text and answer the questions as required.** There is a famous expression in English: "Stop the world, I want to get off!" This expression refers to a feeling of panic, or stress, that makes a person want to stop whatever they are doing, try to relax, and become calm again. 'Stress means pressure or tension. It is one of the most common causes of health problems in modern life. Too much stress results in physical, emotional, and mental health problems. There are many physical effects of stress. Stress can affect the heart. It can increase the pulse rate or can cause high blood pressure. Stress can cause a person to breathe too fast. Stress can affect the head and cause headaches. Emotions are also easily affected by stress. People who are under stress often feel worried. They may feel tired all the time. When people are under stress often overreact to little problems. For example, a normally calm parent under a lot of stress at work may shout at a child for breaking a glass of juice. Stress can make people angry or worried. Long-term stress can lead to a several serious mental illnesses. Depression, a feeling of sadness and hopelessness, can be the result of continued and increasing stress. If stress is allowed to continue, then one's mental health is put at risk. It is clear that stress is a serious problem. It attacks the body. It affects the emotions. If stress is left untreated, it may sooner or later result in mental illness. Stress has a great influence on the health and well-being of our bodies, our feelings, and our minds. So, reduce stress: stop the world and rest for a while. **Answer the question.** **1.** What is one of the most common causes of health problems in modern life? **2.** What is the result of stress on people's heart? **True or False** **3.** Continued and increasing stress can results in depression. --------- **4.** "Stop the world, I want to get off" is an expression which results in health problems. ------ **5.** The author of this text doesn't believe that stress is a serious problem. -------- **6.**According to the text if stress is left untreated, it may be dangerous to well-being of our bodies--------	**4**
