Reading:
Read the following passage and answer the questions. (3pts)
A dictionary is a collection of words ranging from letters A-Z. When reading or writing a story, an essay, a paragraph or even a sentence, using a dictionary is a great help.
There are many advantages of using a dictionary. So, using a dictionary is important for students. The first advantage of using a dictionary is pronunciation. We can also listen to the pronunciation of the words if we use an audio dictionary. The second advantage of using a dictionary is checking out a word's right spelling. The third advantage of using it is learning a word's part of speech. **<u>It</u>** is one of the types into which words are divided in grammar according to their use, such as noun, verb, or adjective.
Lastly, example sentences are mostly available. Seeing specific words used in a sentence can provide more context and help you better understand proper usage. However, searching words by using a dictionary takes a lot of time. By using a talking dictionary, we are able to look the words up in a few minutes.
As a result, a dictionary is a great help for everyone, especially students who are learning a language and who are interested in language learning.

Answer the following questions.
30- How can a talking dictionary help us?

31- What is the use of example sentences?

Choose the best answer.
32- What does the pronoun (**it**) in line 7 refer to?
a) pronunciation b) spelling c) part of speech d) example sentence

33- Learning a word's part of speech helps us better understand proper usage of it. **a) True b) False**
