4.5	**Passage Two** Being helpful is what we know as kindness. Kind people improve the lives of those around them and generally enjoy better health. Studies show that acts of kindness can have positive side effects. It can increase good senses, improve health conditions and feelings. It increases relationships with others. Acts of kindness can make the world a happier place for everyone. Kind people can boost their feelings of control, happiness, and responsibility. They may also inspire others to repeat the good acts they have experienced in a more positive society. Most of us think of charities as trying to help others, but how do we live without helping others? How do we become donating members of society? Donating food is the best way to help others because it is essential for human beings. Not only do charities benefit from the donations, but you also gain a lot from them. Thousands of people donate to charity to support the people in need and meet their moral needs. **61.** Donators help others who enjoy better health. **a.True** **b.
