Reading (8)

Read the following passage and answer the questions.

A:

Professor Mahmoud Hessabi was born in Tehran in 1903 .His family's hometown is Tafresh. At the age of 4, his family moved to Beirut .Hessabi traveled to Paris for further education. He continued his research in physics at Sorbonne University in France, and got his Ph.D. in physics from that University at the age of 25 in 1927.

Professor Hessabi was the only Iranian student of professor Albert Einstein, and during his years of scientific research, he had meetings with well-known scientists. During the congress of " 60 years of physics in Iran", the services rendered by him were deeply appreciated and he was entitled " the father of physics in Iran".

Professor Hesabi was a dedicated scientist who did important works for improvement of our country, Iran. He founded Tehran University and also the first modern observatory in Iran. In Tehran, Professor doctor Hessabi died on 3rd of September 1992 at the University hospital of Geneva. Dr. Hessabi had always wished that the final dwelling of his body would be his mother land, Tafresh. Now this wish has come true. May his way be full of followers and his memory everlasting.

4- Why did Dr. Hesabi travel to Paris? ……

5-Professor Hesabi was a……. scientist.

6 .In paragraph 2, line 5, the word, "founded" refers to……

B:A dictionary is a book that explains the meanings of words and expressions. You can find words easily because dictionaries put them in alphabetical order. The word 'dictionary' comes from the Latin 'dictio' ('saying').

There are several kinds of dictionaries. Dictionaries that explain words and how they are used; dictionaries that translate words from one language to another; dictionaries of biography that tell about famous people; and technical dictionaries that explain the meanings of technical words. Dictionaries that explain what words mean give a clear 'definition' of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced.

Usually the International Phonetic Alphabet (IPA) is used for this purpose. A complete dictionary also tells you about the origin of words and the story behind them. For example, the words like 'pajamas', 'bazaar' and 'paradise' entered English from Persian.

True / False

1-Words are easily found in dictionaries because dictionaries put them in alphabetical order.

a) True b) False

2- the word 'bazaar' comes from Latin.

a) True b) False

Choose the best answer .
