۱	جمله ی زیر را با استفاده از ضمیر موصولی مناسب **whom** , **who** یا **which** کامل کنید.  **22. Whales are animals** _____.	**I**
۱	متن های زیر را بخوانید و به سوالات آنها پاسخ دهید. **TEXT 1** Because deaf people cannot hear, they have special ways of communicating. One way is lip reading. With training, people can learn to understand what someone is saying by looking at the mouth of the speaker. Speaking is possible but difficult for deaf people. It needs a lot of **<u>training</u>** to be able to make the correct sounds, because they cannot hear their own voices. Not all deaf people can learn this skill well. But, the way of communicating that deaf people all around the world think is the most practical* is sign language. * *practical* عملی **23. All deaf people are able to learn lip reading perfectly**. **True** **False** **24. Choose the best title for the text.** a) Deaf people b) Lip reading c) Communication between people d) Lip reading as a way of communication **25. The underlined word '*<u>training</u>*' in line 4 has similar meaning to** _____ a) Fast learning b) Special education c) Sign language d) Native languages	**J**
۱	**TEXT 2** Sign language is similar to spoken languages. The "words" of sign language are its signs. The signs are formed with movements of the hands, face, and body. As with words, each sign has a different meaning. Signs are combined to form sentences. The alphabet of sign language is hand signs that stand for letters. **<u>They</u>** make spelling possible. The combination of signs creates a rich language that can express* the same thoughts and feelings as a spoken language. And just as different countries usually speak different languages, most countries have their own variation of sign language. * *express* ابراز کردن/ نشان دادن **26. Which is <u>TRUE</u> about sign language?** a) Sign language is completely different from spoken form of languages. b) Signs can make sentences as words can. c) There are different sign languages in the world. d) Sign language is not as powerful as other forms of language. **27. The underlined word '<u>They</u>' in line 4 refers to** _____ . a) signs b) sentences c) letters d) feelings	**K**

۱	**TEXT 3** Nearly all animals need blood in their bodies to stay alive. But, it is not always a red in color. For example, some sea animals like octopuses have blue blood because of some kind of protein in their blood. The Antarctic icefish also has a clear blood with no color at all. It gets its oxygen from its skin. It is interesting to know that insects like ants don't have blood. They have a liquid called hemolymph, instead. Hemolymph carries hormones and gases round their bodies. **28. Blood can be red, blue, or clear.** **True** **False** **29. All animals have blood** **True** **False** **30. Which is *NOT* true about blood in different animals?** a) Some animals do not need blood to get oxygen. b) Insects like ants have no blood in their bodies at all. c) Some sea animals have blue blood. d) The color of blood is red in sea animals because of some proteins.	**L**
۱/۵	**TEXT 4**  These days, people are paying more attention to their environment. There are lots of things that one can do to save nature and animals. One way is to use fewer plastic bags. In nature, plastic bags can hurt or even injure animals especially sea animals. Next time that you are going to go shopping, you can use a fabric* bag, instead. It is only one simple way to take more care of our planet Earth and the animals that are living in it. * *fabric* پارچه **31. The text is about _____ .** a) sea animals b) Using fewer plastic bags c) Hurting humans d) protecting forests **32. Why are plastic bags dangerous? _____ .** **33. Plastic bags are the most dangerous for _____ .**	**M**
