You can find words easily because dictionaries put them in alphabetical order. The word 'dictionary ' comes from the latin 'dictio' ('saying'). There are several types of dictionaries. Dictionaries which explain words and how they are used ; dictionaries which translate words from one language to another ; dictionaries of biography which tell about famous people ; and technical dictionaries which explain the meaning of technical words. Dictionaries that explain what words mean give a clear 'definition' of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced.Usually the international Phonetic alphabet (IPA) is used for this porpuse. 28.Words are easily found in dictionaries because dictionaries put them in alphabetical order. **a)** True b **b)** False 29.
