۳,۵	دو متن زیر را بخوانید و به سوالات بصورت خواسته شده پاسخ دهید. Technology has always been useful in the field of medicine. There are lots of inventions which facilitate the process of curing diseases, from cardiovascular conditions to visual problems. One of the greatest inventions in the 19th century was inventing a device by Miller R. Hutchison, which helped people who became deaf or hard of hearing to hear voices again. A hearing device is most helpful for some people suffering from hearing loss. This device uses a magnet. Like other aids, **it** convert sounds into vibrations and transmits them directly to the magnet and then to the inner ear producing a clearer sound. Hearing loss can be caused by infection in the middle ear, loud noises or aging. **36. What is hearing device most helpful for?** **37. What can cause hearing loss?** **38. What does the word "it" in line 5 refer to?** a.loss b. hearing device c. magnet d. vibration **39. The first hearing device was made in 19th century.** True False **40. A hearing device converts vibrations into sounds.** True False	K
۳	As prices and building costs keep rising, the 'do-it-yourself' (DIY) trend in the U.S. continues to grow. 'We needed furniture for our living room,' says John Ross, 'and we just didn't have enough money to buy it. So we decided to try making a few tables and chairs.' John got married six months ago, and like many young people these days, they are struggling to make a home at a time when the cost of living is very high. The Rosses took a 2-week course for $280 at a night school. Now they build all their furniture and make repairs around the house. Jim Hatfield has three children and his wife died. He has a full-time job at home as well as in a shoe making factory. Last month, he received a car repair bill for $420. 'I was deeply **frustrated** with it. Now I've finished a car repair course, I should be able to fix the car by my-self.' John and Jim are not unusual people. Most families in the country are doing everything they can to save money so they can fight the high cost of living. If you want to become a 'do-it-yourselfer', you can go to DIY classes. And for those who don't have time to take a course, there are books that tell you how you can do things yourself. **41.** What is John struggling with? **42.** What can you do if you want to become a 'do-it-yourselfer'? **43.** The underlined word "frustrated" in line 8 is closest in meaning to…… . a. happy b. energetic c. great d. sad **44.** The Hatfield family has 6 members. True False	
31	**THE END-** Dear Students, wish you all the best!
