4	**متن زیر را بخوانید و به سوالات داده شده پاسخ دهید.** To be a good dictionary user, however, it is not enough to know what to use the dictionary for. You must also decide which is the best dictionary for meeting your language needs and how to use it. There are several types of dictionaries. Dictionaries that explain words and how they are used; dictionaries that translate words from one language to another; dictionaries of biography that tell about famous people; and technical dictionaries that explain the meanings of technical words. The best way to learn how to use your dictionary effectively is to read its introduction. This section explains issues like how entries are arranged, what information is offered in entries and what abbreviations and pronunciation signs are used throughout the entries. you also need to be able to find words you are looking for quickly and be sure that you have found what you were looking for. Very often when you look up a new English word, you find that it has more than one meaning so you should be careful to choose the right one. Some dictionary lists all the meanings of words to help people find the meaning that they look for. **47)** Finding words you are looking for quickly shows that you are a good English user. **a.true** **b. false** **48)** Abbreviation and pronunciation signs are used in introduction. **a.true** **b. false** **49)** …….. dictionaries are about known people. **50)** By reading …….. we can understand how entries are arranged. **51)** What technical dictionaries explain? **52)** Why some dictionaries list all meanings of a word?	14
