P	**متن زیر را بخوانید و به سوالات داده شده در هر قسمت پاسخ دهید.** **Think about charging your phone using electricity from the plants on your window. Scientists at Wageningen University in the Netherlands have worked on making this possible since 2007. They're using a natural process that's safe for both the plants and the environment. For centuries, people have used fossil fuels like oil and coal to generate energy. It has made our planet dirty and polluted. If we keep using these fuels, they will finish soon. The high cost of energy also affects our economy.** **The research focuses on using plants to generate electricity. The plants make their food through photosynthesis, which uses sunlight to convert water and carbon dioxide into energy. The scientists have selected a special type of plant called "Teak", that is suitable for this purpose. They're studying how to use this plant to generate electricity without harming it or the environment. This new technology could help reduce pollution and weather change.** ❖ **True/False** **50) Scientists have worked on making new phones from plants.** **a. True** **b. False** **51) The scientists have selected "Teak" to generate electricity** **a. Tie** **b. False**	4
