۳	**با توجه به متن داده شده، به سوالات پاسخ دهید.** It is very important for us to respect our teachers. We should note that teachers were not always teachers. They were once students like us. They have experienced school time like us. We know that teachers want to help students learn. They have a lot to share with us: their life experiences, their failures, their successes and many more. When we respect others, we are actually respecting ourselves. We can show our respect to our teachers by paying attention during lessons and following classroom rules. Remember that a good student is always prepared for class. We all have met many dedicated teachers that go far beyond their duties and become a model for the students.
