3.5	متن زیر را با دقت بخوانید و به سوالات داده شده پاسخ دهید. **A dictionary is a book which explains the meanings of words and expressions. You can find words easily because dictionaries put them in alphabetical order. The word "dictionary" comes from the Latin "dictio" (saying).** **There are several types of dictionaries. Dictionaries which explain words and how they are used; dictionaries which translate words from one language to another; dictionaries of biography which tell about famous people; and technical dictionaries which explain the meanings of technical words. There are also dictionaries which translate words into other languages. Very often one volume translates both ways; for example, half of the book is from English to Persian and the other half from Persian to English.** **A good dictionary lists all the meanings of words to help people find the meaning that <u>they</u> look for.** **A complete dictionary also tells you about the origin of words and the story behind them.** **For example, the words like "pajamas", "bazaar" "pistachio" and "paradise" entered English from Persian.** **<u>Questions</u>** **1. Are all dictionaries the same?** **2. What is the difference between technical dictionaries and biographical dictionaries?** **<u>True or False</u>** **3. The word "bazaar" is not English originally.
