Reading Comprehension

A. Read the passage and answer the questions. (4)

A dictionary is a collection of words ranging from letters A-Z. When reading a story, an essay, a paragraph or even a sentence , using a dictionary is a great help . There are many advantages of using a dictionary .Therefore, using a dictionary is important for students . The first advantage of using a dictionary is pronunciation .We can also listen to the pronunciation of the words if we use an audio dictionary .The second advantage of using a dictionary is checking out a word's right spelling .The third advantage of using it is learning a word's part of speech . **It** is one of the types into which words are divided in grammar according to their use , such as noun , verb , or adjectives. Lastly , example sentences are mostly available . Seeing specific words used in a sentence can provide more context and help you better understand proper usage . However , searching words by using a dictionary takes a lot of time .By using a talking dictionary, we are able to look the words up in a few minutes . As a result , a dictionary is a great help for everyone , especially students who arelearning a language and who are interested in language learning.
