There are many advantages of using a dictionary. So, using a dictionary is important for students.The first advantage of using a dictionary is pronunciation. We can also listen to the pronunciationof the words if we use an audio dictionary. The second advantage of using a dictionary is checking out a word's right spelling. The third advantage of using it is learning a word's part of speech. **It** is one of the types into which words are divided in grammar according to their use, such as noun, verb, or adjective.
