To be generous, you do not have to give away large sums of money or do something really special. Generosity comes from the heart and means giving without asking for anything in return. There are many ways you can be more generous and make a difference in other people's lives. It's a good idea to try these small acts of generosity from time to time:

1. Give someone a gift. 2. Give your seat on public transportation to someone who needs it more than you do. 3. Give a smile to a stranger. 4. Offer to carry someone's groceries or other items for them. These small acts of kindness can make a big difference in someone's life. They do not take much time, but they do require thoughtfulness and effort. A simple kind word like "You look great today!", "a heartfelt thank you", or a friendly word can make someone's day. It can make them smile and feel good. This is "the power of kindness". Such small acts of kindness are the basis of many successful relationships. It is important to remember that small acts of kindness can be just as powerful as large ones. If we all do something kind for others, no matter how big or small, the world will be a better place.

The Internet has changed the way we learn foreign languages. Online dictionaries are a great resource for anyone who wants to learn a new language. They are one of the most useful tools you can use to expand your vocabulary and knowledge of a foreign language. Some features are only available in online dictionaries:

1. *A Search Box*: You can search for words by typing or clicking on them in this box. 2. *An Example Bank*: Since there is much more space in online dictionaries, you will find many more example sentences than in paper dictionaries. This will help you understand how words are used in context. 3. *An Audio Function*: Many online dictionaries have an audio function that lets you hear how a word is pronounced. 4. *A History Button*: With this button, you can go back to previous searches and see which words you have looked up recently. 5. *A Word of the Day*: You can usually subscribe to an email that will send you a new word every day. 6. *A Quiz Function*: Some online dictionaries have a quiz function that allows you to test your knowledge of a word. 7. *A Translate Function*: Some online dictionaries have a translation function that allows you to translate words into other languages. This is a slightly advanced feature, but very useful if you want to hear the word in another language.
