It is very important for students to know how to use a dictionary because a dictionary gives the users a lot of information. Here you can find some helpful tips to use a dictionary well.
Choose the Right Dictionary. There are many different types of dictionaries such as learner's dictionaries, general dictionaries and etc. Therefore, first identify your needs. Without choosing the right one you cannot meet your language needs.
Read the Definitions. Once you find an entry, you can find the exact meaning of the word, its pronunciation, part of speech, synonyms, antonyms, and probably its origin.
Learn the Abbreviations. Different types of abbreviations are often used in the definitions for a word. This can be confusing if you do not know what the abbreviations stand for.

Man must eat in order to live. One of the most important facts of man during his life has been to make certain that he has enough food to eat when he needs **it** . Early man had little choice in what he ate . He ate what he could find . He lived on the roots of plants, fruits, the eggs and the meat of small animals. He did not have any power to control his food supply . When he ate all the food in one place, he had to move to another one to find enough food to eat. If there were no rain or if the weather were too hot or cold, plant would not grow, and he could have little or no food. Man's life changed, however when he learned how to grow plants and use animals. Later when he discovered fire, he learned how to prepare his food. He also learned to make tools and guns to produce his own food.
44. What was the early men's food?.....
