It is also important to note that elders were not born elders. They were kids like us and now have grown old. A few years later we will also become older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old. Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus, we need to care for them, because they deserve to be acred for. Respect and care for elders start with our parents becuase they are our first teachers in our life. No matter what we do in our lives, who we are and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them. So, it is our duty to help them when they need us because they are not young enough to handle things on their own.** 35.**Why do we need to care for our elders?**_____ 36.**The word** "they" **in line** 7 **refers to** _____ . **a. teachers** **b. parents** **c. elders** **d. respect and care** 37.Skim **the text and choose the best** title **for it.** **a.
