It is very important for us to respect our elders. It is important to note that elders were not born elders; they were kids like us and now have grown old. A few years hence we will also grow older. If today we respect them, future generations will carry those values and will learn to respect us as well.

Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus we need to care for them because they deserve

to be cared for. Respect and care for elders start with our parents as they are our first teachers in our life.

No matter what we do in our lives, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them. So it is our duty to help them when they need us because they are not young enough to handle things on their own like before.

How to use a dictionary

A dictionary is a very important tool for anyone who is learning a new language. With a good ***one*** you can do the following; you can ***look up*** the meaning of an English word you see or hear; to find a word quickly , you need to know the English alphabet perfectly. For words with more than one meaning you should choose one makes more sense in the context; checking the spelling and pronunciation are other facilities that a dictionary offers. Also to check the plural of a noun, part of speech , or past tense of a verb , a dictionary is helpful. Likewise, a dictionary provides readers with synonyms or antonyms, collocations, and grammatical information about a word too. In sum, learning a new language is fun by the use of a dictionary . 6
