متن شماره ۱:

The last time I went to a restaurant was about 2 months ago. My wife and I wanted to celebrate our wedding anniversary with a good meal so we went to an expensive Italian restaurant in downtown Lisbon. We both had pasta to start and for the main course my wife ordered a steak and I chose fish. For dessert we both ate chocolate cake topped with fresh cream. Delicious!

My wife loves spicy food so this restaurant was perfect. The waiters were all really friendly and polite, and they played traditional sitar music which was very relaxing. The menu offered vegetarian dishes as well as meat dishes served with rice and a sauce - it depended on how hot you wanted it. I chose a mild beef curry but my wife had a lamb 'vindaloo' - he also drank 2 liters of water!!

My class at the university went there last weekend. It's a very popular type of restaurant in my country. **It** also offers a special type of food (a kind of bread with cheese and tomato sauce) which you then choose what ingredients to add on top of it. I asked for olives and mushrooms on mine and my classmates each had something different like risotto, salmon, and fried chicken, so we could taste a piece of each person's meal.

۳,۵	متن شماره ۲: As prices and building costs keep rising, the 'do-it-yourself' (DIY) trend in the U.S. continues to grow. 'We needed furniture for our living room,' says John Ross, 'and we just didn't have enough money to buy it. So we decided to try making a few tables and chairs.' John got married six months ago, and like many young people these days, they are struggling to make a home at a time when the cost of living is very high. The Rosses took a 2-week course for $280 at a night school. Now they build all their furniture and make repairs around the house. Jim Hatfield has three children and his wife died. He has a full-time job at home as well as in a shoe making factory. Last month, he received a car repair bill for $420. 'I was deeply **frustrated** with it. Now I've finished a car repair course, I should be able to fix the car by my-self.' John and Jim are not unusual people. Most families in the country are doing everything they can to save money so they can fight the high cost of living. If you want to become a 'do-it-yourselfer', you can go to DIY classes. And for those who don't have time to take a course, there are books that tell you how you can do things yourself. 46. Why is DIY trending becoming popular in the US? 47. What can you do if you want to become a 'do-it-yourselfer'? 48. The underlined word "frustrated" in line 8 is closest in meaning to…… . a. happy b. energetic c. great d. sad 49. The Hatfield family has 4 members. True False 50. John got married four months ago. True False
