The spelling of the words can be very different from their pronunciations. The English alphabet may be completely different from the Persian language alphabet, which makes the learners learn a new learning task called alphabet learning. It can be helpful to write by using the English language whenever you can and get writing practice. For example, you could write lists of things you need to do or buy. By doing **this**, you will find new words, and by writing these things down, you will learn new spellings. Write e-mails and notes in English whenever you can. Another way to use your writing skills is to write in a diary or journal in English. You can make notes on your day, including what you did, where you went, what you enjoyed or learned, how you felt, and who and why you talked to someone. By writing about your day in a journal, you will practice the past tense in English and develop your writing skills. **42)** The spelling and pronunciations of all words are the same. a) T b) F **43)** Writing about your day in a journal improves your writing skills. a) T b) F **44)** By writing practice, you can improve your …….. . a) listening b) reading c) speaking d) spelling **45)** What does "this" in the third line of paragraph 2 refer to …….. . a) finding new words b) writing lists of things you need to do or buy c) learning new spellings d) learning English alphabet **46)** How can you improve your writing skills and practice the past tense?	۴

۱۴	متن زیر را بخوانید و به سوالات داده شده هر قسمت پاسخ دهید. Canadians consume a lot of products made from oil. In fact, Canadians used 110 billion liters of refined oil products in 2018. Oil is an important part of daily life in Canada and the world for transportation, heating our homes, beauty products, plastics used in clothing, household products (curtains – rugs – pillow – dishes), medical supplies, asphalt, nylon, electronics (smart phones – computers – TVs), sporting goods and more. Most Canadian oil is used for transportation fuels, essential to the mobility of people, goods, and services. According to statistics, in 2017, there were 34.3 million vehicles registered in Canada, mainly powered by gasoline, diesel, and natural gas. Refineries turn crude oil into usable products such as transportation fuels: - Gasoline is designed for engines commonly used in private vehicles. - Diesel is designed for engines commonly used in trucks, buses, locomotives, farming, equipment. Diesel contains more energy and power density than gasoline. - Aviation fuels are specialized petroleum – based fuels used to power various types of aircraft for commercial travel and shipping. **47)** This passage is mainly about the role of ……. in Canada. a) oil b) electronics c) heating d) statistics **48)** The word "**aviation**" is closest in meaning to…… a) winter b) tide c) flight d) plant **49)** Write two examples of transportation fuels in Canada. **50)** What is used as fuel in private cars?	۳
۱۵	متن زیر را بخوانید و به سوالات داده شده هر قسمت پاسخ دهید. Sleep is essential for all people. Did you know that sleep is more important than food? A person, who does not sleep, dies at a younger age than one who does not eat. Let's say you sleep 12 hours later than you usually do. It will take your body about three weeks to return to normal. We spend about one-third (1/3) of our lives in sleep. That's about 121 days a year! How much sleep do we require? We are all different. A baby needs 16 hours of sleep every day. Children 6 to 12 years old need an average of 10 to 12 hours of sleep. A teenager needs 9 to 10 hours, and an adult needs an average of 7 to 8 hours of sleep at night. Of course, some people need only 3 hours of sleep each night. Others need 10 hours of sleep. After age 50, the average sleep time foes down to 6.5 hours a night. We need less sleep as we get older. **True / False** **51)** Food is less important than sleep. a) T b) F **52)** There is no difference in sleep time among people. a) T b) F **Choose the best answer.** **53)** Old people need ……hours of sleep each night. a) 9 to 10 b) 10 to 1 c) 6.5 d) 16 **54)** A person who does not sleep ……. than one who does not eat. a) lives longer b) lives less c) eats more d) gets older **Answer the question.** **55)** How much do we sleep in our lives?	۳
