س- متن زیر را بخوانید و به سوالات آن پاسخ دهید .(۲)

Many Scientists believe some kinds of technology are harmful to your health. For example, they say that mobile phones should be used as little as possible. They think it is better to be careful about using mobile phones. A lot of scientists believe they are harmful and bad specially for children.

In fact, researches show that mobile phones could kill more people than smoking. They can cause headaches, tiredness, and memory loss in some people. We have so much technology now; there are 24-hour televisions, computers, online games, phones and so on. Technology can be dangerous if you spend a lot of your time for using **it**.

You should not keep electrical devices in your bedroom when you are sleeping because they can cause sleep problems. It is important to have no electric items in your bed. If you cannot do without them, make sure you do not have a computer or mobile in your bedroom or at least make sure that they are turned off. You should use your mobile phone for limited amount of time each day because they can cause brain problems if they are used for a long time over the years. Always keep in your mind that your health is very important as you might find you are unable to return good health once you lost it.

1. Many Scientists believe all kinds of technology are harmful to your health.

a) True b) False

2. Mobile phones can cure memory loss in some people.

a) True b) False

3." It " in paragraph 2 refers to……

a. mobile b. computer c. time d. technology

4. Why shouldn't we have electrical devices in our bed while sleeping?

……
