O) متن زیر را بخوانید و به سوالات پاسخ دهید .

A few years ago, people had to check the pages of a print dictionary when they wanted to find the meaning of the word. Once the word was found, people had to go through a long list of entries to understand its meaning in a particular content. Needless to say, it was a time-consuming task and was often seen as a problem. Moreover, there were also some dictionaries that did not contain all the possible words so you had to go to find a better and bigger one. Luckily, the internet has also revolutionized the concept of dictionaries. Instead of a print dictionary, people can simply use an online dictionary for looking up the meaning of a word. Online dictionaries are more common for at least two main reasons.

۵،۵

While the price of dictionary might not be too high, it can create a lot of expense when people buy dictionaries for different subjects. There are lots of dictionaries online that are available for free and people do not have to pay any money for using them.

The popularity of online dictionaries has also increased because people don`t have to flip the pages tiredly when they want to check up a word. It takes only a second for them to find the word they want as all they have to do is type it in the search box and press search button. The efficiency offered by online dictionaries allows people to have free time to read additional material.

54)A few years ago, there were some dictionaries that contain all the words you look up.
True False

55)It`s easy and fast for people to use a print dictionaries for looking up the meaning of the words.
