	متن های زیر را بخوانید و به سوالات پاسخ دهید. **متن اول** For English teachers, a dictionary is essential for any teaching program and needs to be used carefully. A dictionary is the basic thing for any language class. The most important thing that a student should know is how to use it. A student needs to have at least three dictionaries available to learn English properly. The first one should be a bilingual dictionary that covers words in the native language as well as in English. The second one should be a monolingual dictionary that gives word information in English. The third one should be a native language dictionary. When teaching begins, learners will use a bilingual dictionary for simple translations. Monolingual dictionaries are also necessary pieces of language learning studies, because they provide learners with definitions, pronunciations, etc. The problem becomes hard with studies when the students do not fully understand the words **they** are translating, and they get confused. Teachers know that they should clear up the confusion quickly before they jump into to the next lesson. **ادامه در صفحهٔ بعد**	١٠

متن دوم

Respect is a way of acting well or thinking highly about something or someone. You respect those who are important to you. You show your respect by being polite and kind. When you are impolite or act badly toward people, they may feel sad or angry. But whom should you respect the most?

You must care for those who always care for you. You know that your parents care for you for every little thing. You must love them, respect them, and care for them. Besides bringing you into the world, your parents spend their time, energy, and strength to make sure that you have what you need or want. Telling them that you thank them reflects the level of your respect for them.

The easiest way to show your love and respect is to tell them that you appreciate who they are and what they do. You can also do something small but meaningful, for example, wash the dishes, clean the kitchen after dinner or clean the rooms. Your parents will pay attention to and appreciate your acts of kindness. You may also tell your mom how well she cooks, or tell your dad how great he is at his job. For most of parents, any of these small things can be a sign of respect.
