It is very important for us to respect our elders. It is also important to **note** that elders were not born elders; they were kids like us and now have grown old. A few years hence we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old.

No matter what we do in our lives, who we are, and where we live, we must love *them* as they love us unconditionally. They feel honored when we appreciate their love and respect them. So, it is our duty to help them when they need us because they are not young enough to handle things on their own like before**.**
