3	متن زیر را بخوانید و به سؤالات پاسخ دهید. A dictionary is a book that explains the meanings of words and expressions. You can find words easily because dictionaries put ***them*** in alphabetical order. The word 'dictionary' comes from the Latin 'dictio' ('saying'). There are several kinds of dictionaries. Dictionaries that explain words and how they are used; dictionaries that translate words from one language to another; dictionaries of biography that tell about famous people; and technical dictionaries that explain the meanings of technical words. Dictionaries that explain what words mean give a clear 'definition' of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced. Usually the International Phonetic Alphabet (IPA) is used for this purpose. A complete dictionary also tells you about the origin of words and the story behind them. For example, the words like 'pajamas', 'bazaar' and 'paradise' entered English from Persian. 38. Words are simply found in dictionaries. True False 39. What does "them" in the first paragraph refer to? a. meanings b. words c. dictionaries d. expressions	L

Children are trained to respect elders by their parents at very young ages. Throughout school and university, they are reminded of them while their personalities develop. But still, we often forget to respect our elders. Respecting elders should come from within. Respecting elders come under good habits and manners. Everyone welcomes a well-behaved person. As we all know, history repeats itself. If we will respect our elders today, we will get respect when we grow old. There are many ways to show respect to elders. For example, they feel happy and when we include them in the decision making of the family. They are more experienced than us and they also have walked the same path before us. So, we should always ask for their advice. Another way is listening to **them** and following their customs, which they have lived up to. We should also **repeatedly** visit them and invite them to our house, too. We should often sit and eat with them. All this will help us to recognize and appreciate our elders. Always remember that people are always judged by their actions and each word or action has a reaction. So, if you want to succeed and be happy in life, start respecting elders by being polite. Finally, I would like to say, our elders are really worthy and we should respect them.
