۱۶	**READING:** **Read the text and answer the questions.** **A dictionary is a book which explains the meanings of words and expressions , You can find words easily because dictionaries put them in alphabetical order . The word 'dictionary' comes from the Latin 'dictio' ('saying').** **There are several types of dictionaries . Dictionaries which explain words and how they are used ; dictionaries which translate words from one language to another ; dictionaries of biography which tell about famous people ; and technical dictionaries which explain the meanings of technical words .** **Dictionaries which explain what words mean give a clear 'definition' of <u>them</u>. A good dictionary also gives more information about words . For instance, it explains how they are pronounced.** **Usually the International Phonetic Alphabet (IPA) is used for this purpose. There are also dictionaries which translate words into other languages. When using a dictionary to find out how to say something in another language, one has to be careful to choose the right meaning.** **True / False** **45- Since dictionaries put words in alphabetical order, you can find them easily.** **a) True b) False** **46- The word 'dictionary' comes from the French 'dictio'.** **a) True b) False** **Answer the following questions.** **47- What does "<u>them</u>" in the first line of paragraph 3 refers to ?** **48- What is a technical dictionary ?** **Complete the sentence .** **49- IPA stands for ..... .**	۴
