In this way praying decreases stress and gives people a calm and balanced health.*** ***a) general health*** ***b) emotional health*** ***c) extra health*** ***d) common health***	
4	***C. Read the passage carefully and answer the questions.*** ***After going to school, running around, studying a lot, and many other things that you do every day, your body needs some rest. That's where sleep comes in: <u>it</u> allows your body to rest for the next day. Not only is sleep necessary for your body, it's important for your brain too. No one is exactly sure what the brain does when you're sleep, but some scientists think that sleep is the time when the brain stores information, and solves problems. When your body doesn't have enough hours to rest, you may feel tired or be unable to think clearly. Some homework that's normally easy may seem impossible or you may discuss with a friend over something really stupid. Remember that getting the right amount of sleep is especially important for kids, because some scientists say that sleep allows kids to grow as tall and strong as possible.*** *37.* ***What is the best title for this passage?*** ***a) The Importance of Sleep*** ***b) Why Exercise is Important*** ***c) Children Should Rest after School*** ***d) Right Time for Sleep*** *38.* ***According to some scientists, while we're sleeping , our brains…….*** ***a) don't do anything*** ***b) relax for the next day*** ***c) can't think clearly*** ***d) save some information*** *39.* ***What does the underlined "it" in this passage refer to?*** ***a) school*** ***b) sleep*** ***c) exercise*** ***d) body*** *40.* ***Find two words in the text which have suffixes.*** *41.* ***Scientists are sure that while sleeping brain can store information. (T /F)*** ***42. If you don't sleep enough, you may have discussion with your friend about invaluable things. (T/ F)*** *43.* ***Why is sleep so important for kids?***	*11*
