A good dictionary gives the user information about words such as spellings, pronunciations, and definitions. It also gives examples of how to use the words in sentences correctly. Therefore, it is essential to know how to use a dictionary. In this text, we provide you with some helpful tips on how to use a dictionary effectively.

1. Read the guide words: These are the two words at the top of each page that show the first and last entries on the page. These words will help you find the word you are looking for in the right letter section.
2. Read the definitions: once you find an entry, you can find the exact meaning of the word, its pronunciation, part of speech,… and probably its origin.
3. Look for collocations: learning the meaning of a single word is not usually enough. Through sentence examples, try to learn collocations to expand your vocabulary.
