۴	**Read the passage and answer the questions.** **متن زیر را بخوانید و به سوالات پاسخ دهید.**(زرد) Bilingual and monolingual dictionaries are the most used dictionaries by the foreign language learners. Students generally like to use bilingual dictionaries because they bring instant satisfaction, while teachers prefer monolingual for their long-term benefits. It is difficult to answer the question "which dictionary serves the learner best?" Bilingual dictionaries are generally employed in the initial stages of learning a language and	۱۰

www-kanoon-ir

	may help the learner solve their terminological problems unless the unfamiliar word has numerous entries. Many bilingual dictionaries give only single word translations, as a result of which learners are bound to make mistakes. On the other hand, while using a monolingual dictionary, users have to think in English and meaning have to be understood in terms of other English words. There is now a choice of good monolingual dictionaries available at various levels of difficulty and specially written for foreign language learners. The ability to use a monolingual dictionary effectively gives students the satisfaction of exploration through the dictionary, a sense of self-sufficiency and greater confidence in their ability to solve language problems for ***themselves***. 1. The word "themselves" in paragraph 3 refers to ……. . a) dictionary b) problems c) students d) abilities 2. What does the passage mainly discuss? a) How to use a dictionary effectively in the initial stage of learning. b) The advantages and disadvantages of monolingual dictionaries. c) When to use bilingual dictionaries in the process of learning. d) Differences between monolingual and bilingual dictionaries. True/False 1. Bilingual dictionaries are used in the final stages of learning a language. …… 2. Teachers usually ask their students to use monolingual dictionaries. …….. Answer the following questions. 1. What type of dictionary do the students prefer to use? Why? 2. Why is it a better choice for students to use a monolingual dictionary?	
۲	**Choose the best answer.** **بهترین گزینه را انتخاب کنید.** 1. When using a dictionary to find out how to say something in another language, one has to be careful to choose the right meaning. a) Each word has only one meaning in different dictionaries. b) There are different meanings for a word in a dictionary. c) Dictionaries rarely provide the right meaning of words. d) We use other languages to understand a dictionary. 2. One way to figure out the meaning of an unknown word is to look for its relationship with other words in the same family. a) We can find the meaning of the word based on context. b) The only way to learn the meaning of a word is looking it up in a dictionary. c) We can use word attack to understand the meaning of a word. d) It's not important to understand the meaning of all words in a text.	۱۱
