Sleep is essential for all people. Did you know that sleep is more important than food? A person who does not sleep dies a younger age than one who does not eat. If we don't sleep 12 hours, it will take our body three weeks to return to normal. We spend about one-third of our lives in sleep. That's about 121 days a year.

How much sleep do we require? We are all different. A baby needs 16 hours of sleep every day. Children 6 to 12 years old need an average of 10 to 12 hours of sleep. A teenager needs 9 to 10 hours, an adult needs an average of 7 to 8 hours of sleep a night. Of course, some people need only 3 hours of sleep each night. Other need 10 hours of sleep. After age 50, the average sleep time goes down to 6.5 hours a night. We need less sleep as we get older.

49. Food is more important than sleep. a) True b) False
