A dictionary is a book that explains the meaning of words and expressions. You can find wors easily because dictionaries put them in alphabetical order. The word dictionary comes from Latin ''dictio'' (saying). There several kinds of dictionaries. Dictionaries that explains words and how they are used: dictionaries that translate words from one language to another: dictionaries of biography that tell about famous people : and technical dictionaries that explain the meaning of words technical words. Dictionaries that explain what words mean give a clear 'definition' of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced. Usually the International Phonetic Alphabet (IPA) is use for this purpose. A complete dictionary also tells you about the origin of words and the story behind them. For example, the words like '' pajamas '' , '' bazaar " and "paradise " entered English from Persian.
