It is also important to note that elders were not born elders; **they** were kids like us and now have grown old. A few years hence we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old. Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus we need to care for them because they **deserve** to be cared for. Respect and care for elders start with our parents as they are our first teachers in our life. No matter what we do in our lives, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them. So it is our duty to help them when they need us because they are not young enough to handle things on their own like before. ***True / False** **28)** Respect and care for elders start with our teachers. **a.** True **b.** False **29)** We must love our elders unconditionally. **a.** True **b.** False ***Choose the best answer.** **30)** In the second line, "**they**" refers to which of the following? **a.** kids **b.** elders **c.** teachers **31)** Which is the definition of the word "**deserve**" in the text? **a.** to be grateful **b.** to be worthy **c.** all the people of about the same age within a society ***Write complete answer.** **31)** What do elders have to share with us?	11
3	متن زیر را بخوانید و به سوالات داده شده در هر قسمت پاسخ دهید. A dictionary is a book which explains the meanings of words. You can find words easily because dictionaries put them in alphabetical order. The word 'dictionary' comes from the Latin 'dictio'('saying'). There are several types of dictionaries. Dictionaries which explain words and how they are used; dictionaries which translate words from one language to another; dictionaries of biography which tell about famous people; and technical dictionaries which explain the meanings of technical words. Dictionaries which explain what words mean give a clear 'definition'of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced. Usually the International Phonetic Alphabet (IPA) is used for this purpose.	12
