| 3 | متن زیر را بخوانید و به سوالات آن پاسخ دهید.<br>It is very important for us to respect our elders. It is also important to note that elders were not born elders; they were kids like us and now they have grown old. A few years hence we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old.<br>Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus, we need to care for them because they deserve to be cared for. Respect and care for elders start with our parents, as **they** are our first teachers in our life.<br>No matter what we do in our lives, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them.<br>**31**. The passage says that elders have nothing to share with us. **a) True b) False**<br>**32**. What does "they" in the last line of paragraph 2 refer to?<br>**a) future generations b) parents c) teachers d) lives**<br>**33**. How do elders feel when we appreciate their love?<br>…….<br>**34.** How will future generations learn to respect us?<br>……. | K |
| 4 | متن زیر را بخوانید و به سوالات آن پاسخ دهید<br>A dictionary is a book which explains the meanings of words and expressions. You can find words easily because dictionaries put them in alphabetical order. The word 'dictionary' comes from the Latin 'dictio' ('saying').<br>There are several types of dictionaries. Dictionaries which explain words and how they are used; dictionaries which translate words from one language to another; dictionaries of biography which tell about famous people; and technical dictionaries which explain | L |

| | the meanings of technical words.<br>Dictionaries which explain what words mean give a clear 'definition' of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced. Usually the International Phonetic Alphabet (IPA) is used for this purpose.<br>There are also dictionaries which translate words into other languages. Very often one volume translates both ways; for example, half of the book is from English to Persian and the other half from Persian to English. When using a dictionary to find out how to say something in another language, one has to be careful to choose the right meaning. A good dictionary lists all the meanings of words to help people find the meaning that they look for. A complete dictionary also tells you about the origin of words and the story behind them.<br>**35.** What does the word ' dictio' mean?<br>……..<br>**36.** What is the difference between technical dictionaries and biographical ones?<br>…….<br>**37.** How does a dictionary explain the pronunciation of the words?<br>……..<br>**38.** We may find the story behind words in some dictionaries. **a)True b)False**<br>**39.** Dictionaries which change words into other languages always translate both ways. **a)True b) False** | |
